

Licenses

Last Modified on 10/28/2025 9:51 am PDT

TotalRewards Builder offers three license types, each with varying levels of functionality to meet your organization's needs:

Free Edition:

Provides access to basic features such as creating a limited number of statements and previewing functionality.

Cloud-based platform to create and share employee total rewards statements.

- Designed for smaller groups (100 or fewer employees).
 - Limited selection of layouts and styles.
 - Customize with logos, messages, and branding.
 - Add welcome messages, footers, and introductions.
 - Upload employee data via spreadsheet.
 - Print or publish online.
-

Professional Edition:

Enhanced version with expanded features and dedicated support.

- Dedicated Customer Success Manager.
 - Wider variety of layouts, styles, and customization options.
 - Analytics, tracking, surveys, HR reporting, and FAQs.
 - Advanced customization for print and online statements.
-

Ultimate Edition:

Fully tailored solution with dedicated support, complete data management, and optional modules.

- Dedicated Project Manager and Customer Success Manager.
- End-to-end data management (validation, merging, QA, upload).
- Flexible design and configuration tailored to your organization.
- Optional modules available, including promotional video content.

Note: Review your organization's needs before selecting a license. Some features such as **SSO, Domain Masking, and advanced modules** are only available in the **Professional** and **Ultimate** licenses.
